

HW 4 due April 6

No class April 16

Quiz 2 April 20

Office Hrs: 12-1pm

If attending later, please
send me number code

AI and science challenge:

<https://www.kaggle.com/allen-institute-for-ai/CORD-19-research-challenge>

Today:

Memory

- Neural dynamics
- Long term Learning
- Place cells (in
hippocampus)

Matlab?

Fine details: Computing entries
in the neural-dynamics table

based on weights (lateral,
feedfwd, feedbk)

Big picture: relative weights
control growth, decay, or
memory dynamics
