HW 4 due April 6
No class April 16
Quiz 2 April 20
Office Hrs: 12-1pm
If attending later, please send me number code

AI and science challenge:
https://www.kaggle.com/allen-institute-for-ai/CORD-19-research-challenge
Today:
Memory
- Neural dynamics
- Long term Learning
- Place cells (in hippocampus)
Matlab?

Fine details: Computing entries in the neural-dynamics table
based on weights (lateral, feedfwd, feedbk)

Big picture: relative weights control growth, decay, or memory dynamics
